UC/CSU requirement: Yes/Yes

Textbook and/or other learning resources: Sheet music provided by teacher and distributed in class

Student Learning Outcomes:

In this choir you will learn the techniques of vocal production, choral singing, ensemble skills and choral expression. The choir sings in 3-4 part harmony in a variety of genre from different periods in history. The choir performs at school concerts, local community events and travels annually. This choir performs in 10+ concerts a year. Students will work on intonation, tone production, tone quality, breathing, diction, articulation, phrasing and increasing range. Students will also learn music reading, related music history, and the study of harmony. This class is audition based, fast paced, and musically very challenging. Students must be able to hold their own vocal line, one on a part, in 3 part harmony, sing scales and intervals with accurate pitch and demonstrate advanced stage presence before entering this class.
